SUCCESS STORIES

First Job Team

It was our first experience with the first job training students from rural and economical weaker section from various academic background most of them girls are hile from marginalised family. We trained them according to our practical exposer carriculam. Out of 50 there was 30 students successfully comleted the course and got placed various local compaies as a Sales executives, copmputer operator, Accountant assisstant, Data entry operator at local reputed firms with everage salary of 8,000/- to 12,000/-

Placement with JMK Infosoft

It was our first time staffing experienc with JMK infosoft very crucial time they have approached us for the huge requirement of Data entry operator manpower in govt degitisation works. Very quickly understand thier requirements respomded them with solutions. We have screened more the 80 students and trained 50 candidates over a week on the project requirment.finally our 15 students were slected to JMK infosoft under degitisation project on contract period in this case students from the rural background got opertunity to work in central govt department with Bsic salary of 14000/Salary.

BPO Initiative

We have initiated 20 seater BPO in Bidar with full set up of Girls working force.wich encourages us to provide more oppertunity Girls for getting a excellent performance client satisfaction.

JEST(Janani Education Scholarship Test) scholarship

As a CSR activity we adopted students from the govt schools to offer **computer and internet education.**

we have got massive responce from the schools and colleges more than 800 students were particiated bright studentds from the government school has been trained over 3 month by our technical team.certificate awarded upon successfull completion.many private institutions were come forward to asociate with us by this impact.

Master Mind programme

To identify the competitive exam potentiality in aspirants we conducted an assessment exam for the age group 10 to 40 more than 2000 aspirants were participated. This competition has been considered as one of the biggest knowledge competitions in the Bidar history. Students and the parents were appreciated our team effort for such an innovative opportunity to a common student.

Annual Job fair

Conducted first of its kind Annual job fair in BVB college Bidar campus for the recently graduated students. Invited more than 10 companies from the background Finance, IT, BPO, Retail, Hospital, Manufacture and Education.
